Summary

Senior Data Scientist at IBM Consulting focused on Generative AI, machine learning, and LLMs. I transform complex data into actionable insights that drive innovation and business growth.

Experience

IBM Consulting

Brussels, Belgium

Senior Data Scientist

Jan 2025 – Present

- Led predictive maintenance for a multi-million device portfolio; identified key failure drivers and tracked failure-rate KPIs.
- Built classification and regression models (e.g., XGBoost) to prioritize interventions; mentored a junior data scientist.
- Coordinated incident support with clients and partners, translating business priorities into analytics actions.
- Led a support team to resolve device-level incidents and align remediation with client expectations.

Data Scientist

Apr 2022 – Dec 2024

- Delivered geospatial analyses using cell tower data to pinpoint congestion and LoRaWAN coverage issues.
- Built KPI dashboards for business and IT stakeholders using SQL, TimescaleDB, and Grafana; reduced reporting latency from hours to ~3 minutes and cut query runtimes from minutes to seconds using materialized views.
- Partnered with stakeholders to define operational KPIs and investigate business performance trends.

Junior DevOps Engineer

Sep 2021 – Apr 2022

Automation Intern

Feb 2021 – Sep 2021

- Evaluated RPA vendors and implemented internal automations with testing and troubleshooting.
- Produced documentation and training materials to support end-user adoption.

Skills

Focus

Consulting, Generative AI, Large Language Models (LLMs), Machine Learning, Deep Learning, Statistical Analysis

Tools & Platforms

Python, Flask, OpenCV, Google Cloud, Chart.js, SocketIO, Xamarin, Flutter, C#, .NET Core, NumPy, Adobe XD

Languages

Hindi (Native/Bilingual), English (Native/Bilingual), Dutch (Native/Bilingual), French (Elementary)

Certifications

Energy, Environment and Utilities Insights and Solutions (Bronze) (IBM, 2025); IBM Generative & Agentic AI Foundation (IBM, 2024); IBM AI Associate Data Scientist (IBM, 2022); Trustworthy AI and AI Ethics (IBM, 2022); Enterprise Design Thinking Practitioner (IBM, 2024)

Education

Howest

2018 – 2021

Bachelor's degree, New Media & Communication Technology (NMCT)
